

Staff Report

RESOLUTION APPROVING A PERMANENT ENCROACHMENT AGREEMENT FOR REPLACING AN EXISTING RETAINING WALL WITHIN THE PUBLIC RIGHT-OF-WAY AT 1332 PALOMA AVENUE

Honorable Mayor and Council Members:

Summary

The property owner at 1332 Paloma Avenue wish to enter into a Permanent Encroachment Agreement with the City to replace an existing deteriorating wood retaining wall within the public right-of-way. The new retaining wall will be constructed in the same location as the existing wall. A resolution is provided for Council consideration approving the encroachment with conditions.

Background

The property owner at 1332 Paloma Avenue has applied for a Permanent Encroachment Agreement to replace an existing retaining wall within the public right-of-way. The wood retaining wall will encroach approximately eight feet into the public right-of-way and will be installed at the same location as the existing wall.

Discussion

The City Council adopted Ordinance Number 994 regulating encroachments into the public right-of-way on December 9, 2003. As codified in Section 22-6 of the Municipal Code, this ordinance gives the City Council the sole authority to issue permits for major or unusual encroachments including aboveground structures such as retaining walls, fences, poles, and awnings. This class of encroachment is commonly known as “permanent encroachments,” although the City retains the right to revoke the permit and require removal if the structure is not being used or if it interferes with planned public improvements. Section 22-6(b) requires the Director of Public Works to review all major encroachment applications and if he finds the applications in accordance with the code, recommend approval with such conditions, as he deems necessary to protect the health and safety of the public and protect the City.

The City Council may choose to approve or to conditionally approve the application only if it finds that there is some public benefit for the encroachment. Section 22-7(e)(1) provides examples of acceptable public benefits, such as added on-street parking, added sidewalk, safer sight distance, reduced amount of grading, and replacement or improvement of an existing undesirable physical condition.

When Council adopted Ordinance 994, it gave staff direction that it would generally find public benefit in applications to replace existing retaining walls in the public right-of-way. Council would also allow reconstruction of fences atop existing retaining walls. Council would generally not find public benefit in applications for new retaining walls or fences when the purpose of these structures was to increase the usable yard area of a private residence or business. The staff recommendation for this application is in accordance with Council's direction.

Staff has reviewed the encroachment application for the retaining wall at 1332 Paloma Avenue and found it to be in compliance with the City Code. The public right-of-way along 1332 Paloma Avenue extends approximately 17 feet beyond the edge of street pavement. Staff believes that replacing the existing failing retaining wall will fulfill the obligation to provide the required public benefit by correcting an undesirable physical condition. The new wood retaining wall will be installed at the same location as the existing wall.

In accordance with the Municipal Code 22-6(d), notice was sent to all affected properties within 300 feet of the project location that the City Council would be considering the item on October 25th. The applicant has paid the encroachment permit fee to cover staff time to process the Permanent Encroachment Agreement.

Fiscal Impact

There is no fiscal impact to the City. All costs are the property owner's responsibility.

Public Contact

Public contact included posting of City Council agenda and mailing notices to the properties within a 300-foot radius.

Recommendation

It is recommended that the City Council adopt the attached resolution approving, with conditions of approval, a Permanent Encroachment Agreement for replacement of a retaining wall within the public right-of-way at 1332 Paloma Avenue.

Alternatives

1. Reject the application.
2. Refer back to staff for more information.

RESOLUTION NO. _____

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BELMONT APPROVING A
PERMANENT ENCROACHMENT AGREEMENT FOR REPLACING AN EXISTING
RETAINING WALL WITHIN THE PUBLIC RIGHT-OF-WAY AT
1332 PALOMA AVENUE (APN 045-264-050)**

WHEREAS, the City of Belmont is authorized by Municipal Code Sec. 22-6 to issue encroachment permits for construction of structures in the public right-of-way; and,

WHEREAS, the property owner at 1332 Paloma Avenue has applied for a Permanent Encroachment Agreement to replace an existing retaining wall within the public right-of-way; and,

WHEREAS, the Belmont City Council has made the following findings required by Municipal Code Sec. 22-6(e) for approval of a permanent encroachment agreement:

- (1) There is a public benefit to the encroachment as the new wood retaining wall will replace a deteriorating wood wall and will improve the existing undesirable physical condition; and,
- (2) The encroachment will not unduly restrict the public right-of-way or public water course for other typical uses; and,
- (3) The City will be duly protected from liability for injury to persons and property; and,
- (4) The required bonds will guarantee the faithful performance of all conditions and requirements specified in the encroachment agreement.

WHEREAS, approval of this permanent encroachment agreement is subject to the following conditions:

- (1) The retaining wall shall be constructed according to the approved plans unless otherwise approved by the Director of Public Works and be included as part of the project; and,
- (2) The retaining wall shall be constructed in accordance with Municipal Code Section 9-47, "Retaining wall design;" and,
- (3) The property owners shall be responsible and bear all costs necessary to repair or replace the proposed retaining wall. This is required for periodic maintenance or in the event of an emergency as determined by the Director of Public Works; and,
- (4) The property owners shall be responsible for any restoration required as a consequence of work authorized by the City of Belmont within the public right-of-way; and,
- (5) The applicant agrees to begin and complete said improvements to the City's satisfaction within 180 calendar days from and after the passage date of this Council Resolution approving this agreement; and,

WHEREAS, the structures built in connection with this agreement shall be constructed in accordance with City standards and with the benefit of a Construction Inspection Permit to provide for inspection of said construction, issuance of which is hereby conditionally approved, subject to the payment of inspection fees and posting of required surety to the Department of Public Works.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Belmont:

- (1) Finds the Permanent Encroachment Agreement application in compliance with the City code; and,
- (2) Approves the Permanent Encroachment Agreement with Iris J. MacLeod, her heirs, successors, executors, administrators and assigns, jointly and severally, and with successors in interest of the real property for construction of the wood retaining wall within the public right-of-way at 1332 Paloma Avenue as described above and as shown on the attached exhibits and its continuing maintenance by the property owners; and,
- (3) Authorizes the Interim City Manager to execute the Permanent Encroachment Agreement on behalf of the City of Belmont; and,
- (4) Authorizes the City Clerk to file said Agreement with the County Recorder.
